Welcome to BCIS and the 2019-2020 school year! The staff at BCIS are excited to welcome you back to a great year of learning.

Please take time to read the BCIS Student Handbook. The handbook provides a detailed explanation of expectations and policies for the Bloom-Carroll Local Schools.

This will be a great year of learning for all of our students. We strive for a positive learning environment and learning experiences that have rigor. Our goal is continued success in their educational journey.

A strong partnership between home and school is vital. Please do not hesitate to contact your child's teacher or the office if you have questions or concerns or if you would like to share an accomplishment of your child.

Let us make the 2019-2020 school year a great success!

BUILDING SECURITY

School begins at 8:45 AM with students allowed to enter the building at 8:30 AM. Students that are dropped off or walk to school should enter the building at the front door. Everyone (parent/visitor/volunteer), is required to enter the building via the door near the school office and report directly to the secretary, sign in, and wear a visitor badge at all times. (*See procedures for visitors/volunteers*).

ADDRESS OR PHONE NUMBER CHANGES

It is important that you notify the school office of any telephone number or address or telephone change.

ARRIVAL AND DISMISSAL

Students who walk to school or are brought to school by parents should not arrive before **8:30 AM**.

Any child arriving at school after 8:45 AM must sign in at the office before going to class. Any student who leaves the school before the designated dismissal time must have permission from the principal.

Students arriving after 8:45 AM but before 9:00 AM will be considered tardy. Students arriving after 10:15 AM will be considered absent ½ day.

By the same token, students signing out of school before 1:45 PM will be considered absent ½ day, and students signing out of school after 2:45 PM will be recorded as early dismissal.

All students who ride to school on the bus must go home on the bus unless a note or a call from a parent is provided. If you need a child off the bus at dismissal time, please see the secretary rather than going directly to the bus. If you are going to be late picking up your child, please try to notify the office of the situation.

If a student has to leave the building during school hours due to illness or doctor/dentist appointment, A PARENT MUST COME TO THE SCHOOL OFFICE TO SIGN THE STUDENT OUT BEFORE HE/SHE WILL BE RELEASED. Likewise, BEFORE AND AFTER SCHOOL PARENTS ARE TO WAIT AT THE OFFICE UNLESS SO INSTRUCTED. This is for the protection of the student.

ASSEMBLIES

Assemblies are scheduled throughout the year for educational purposes. If a student has had behavior problems, the school reserves the right to keep that student from attending an assembly. Work and supervision will be provided for the student during the time of the assembly.

ATTENDANCE/ABSENCE POLICY/TARDY POLICY

Policy: The Bloom-Carroll Local School District is committed to providing the best possible education for its students. Being in class every day helps the students do their best. When students are absent, they miss class instruction and discussion. Make-up work cannot provide all the information that was missed. Therefore, all students are urged to plan

personal appointments/errands outside of school times. These activities include dental appointments, personal errands, shopping, etc.

EXCUSED, APPROVED ABSENCES

The following are six reasons for which absences will be excused:

1. Personal Illness – Doctor’s verification is required; if no doctor’s excuse is given, the student must present a note from the parent/guardian or the office must receive a phone call regarding the absence within three days.
2. Illness in the Family – documentation by appropriate physician.
3. Quarantine of the Home – limited by the proper health officials.
4. Death of a Relative.
5. Observance of Religious Holidays – consistent with the student’s religious creed or belief.
6. Any other absences as approved by the principal.

Parental permission SHALL NOT make an absence excused unless it meets the criteria set forth under *Excusable, Approved Absences*. A student who is absent from school without a parent’s knowledge shall be required to make up time missed immediately.

The Board does not believe that students should be excused from school for non-emergency trips out of the District. Children who are taken out of school for trips or vacations must have prior permission by the administration. The parent/student will be responsible to arrange for this, and they must not expect any work missed to be re-taught by the teacher. If arrangements are not made before the trip, and with the teachers, the student will be expected to make up the work upon return to class. **ALL ABSENCES THAT DO NOT MEET ALL OF THE ABOVE REQUIREMENTS WILL BE UNEXCUSED.**

REPORTING A STUDENT ABSENCE

In accordance with the state law (Missing Child Act – Ohio Revised Code 33.3.205), parents or guardians are required to call the attendance office no later than 8:50 AM to report their child absent that day – voicemail is available 24 hours a day by calling 740/204-3375 or 614/837-4044 and leaving the following information:

1. The student’s name,
2. The reason for the absence,
3. The name/relationship of the person calling, and
4. Numbers where you can be reached if necessary.

If an absence has not been reported, an automated call of your child’s absence will be made within 2 hours of the start of the school day.

Statements for Excessive Absences/Habitual Truancy

1. A student is absent 38 or more hours in one school month with or without a legitimate excuse

2. A student is absent 65 or more hours in one school year with or without a legitimate excuse
 - a. When a student becomes excessively absent, an administrator or designee will notify the parents or guardians in writing.
3. If a student is absent 30 or more consecutive school hours, absent 42 or more hours in one month without a legitimate excuse, or absent 72 or more hours in one year will be considered “habitual truancy”, and appropriate authorities will be contacted.
4. After 72 hours of absences, which are not accompanied by a doctor/dentist note, absences will be recorded as unexcused. This applies even if a parent calls or writes an excusal note.

Attendance Review: A BCIS administrator or the Guidance Counselor will review all absences and make the appropriate contacts to rectify the situation.

Perfect Attendance: Perfect attendance is recognized as students with precise accountability, exactness and flawlessness of record. The student is in school every second of every day. Thus, early dismissals, late arrivals or having an excuse of some type to be out of the building does count against this award. (School-sponsored field trips are considered being present at school.)

Planned Absences:

Planned absences in excess of three days must be approved at least one week in advance by the principal.

Responsibility for making up work lies with the student as follows: Homework will be made up after returning from vacation. If a teacher can provide work before the child leaves, they may do so, but parents need to realize that this may not be practical. After returning from vacation, all work that the student needs will be provided with a due date designated by the teacher.

Note: Vacation days count towards excused days allowed by parental notification. Additionally, although “Take Your Child to Work Day” is not considered a vacation day, a child must have fewer than twelve absences to participate.

The following are considered planned absences:

1. *Early Dismissal* – students needing to leave school early must present a note from the parent to their classroom teacher upon arrival to their classroom. Upon return to school, documentation of the appointment must be provided.
2. *Family Vacations* – It is recognized that employers cannot always grant vacation time that falls within the school summer vacation or holidays. In order for families to be together, some family trips may need to be scheduled during school time. A vacation is not

considered one of the six excusable absences from page 16. However, if a note from a parent is provided at least one week in advance of the vacation, a vacation form will be issued to the student allowing them to get scheduled work from their teachers. The student will then have until the date they return to school to present their work to their teacher for a grade. It is the student's responsibility to get the vacation form and get assignments from their teachers. Once this form has been completed, the student should bring it to the office to be copied and placed in their file.

3. *Other* – In certain instances, approval may be given in advance for absences if determined by the principal/assistant principal to be appropriate.

Truancy: A student who is absent from school without the consent of his/her parent(s) or guardian is considered truant. A student who fails to bring a written excuse from his/her parent(s) or guardian when returning to school following an absence will be considered truant if parental contact has not been made on the day of the absence.

Truancy Policy

The Bloom-Carroll Board of Education endeavors to reduce truancy through cooperation with parents, investigating the causes of absences and the use of strict guidelines, in regard to, tardiness and unexcused absence.

When the Board's designee determines that a student has been truant, and the parent, guardian or other person having care of a child has failed to ensure the child's attendance in school, State law authorizes that the Board or designee may require the parent to attend a specified educational program.

This program has been established according to the rules adopted by the State Board of Education for the purpose of encouraging parental involvement in compelling the child's attendance at school.

As per Board policy, the designated office (principal) must investigate any case of supposed truancy within the district and must warn the child, if found truant, and the child's parent in writing of the legal consequences of being truant.

A "habitual truant" child of compulsory school age (6-18) who is absent without legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month or 72 or more hours in a school year.

The parent is required to have the child attend school immediately after notification.

For correction of the “habitually truant” the Board’s designee will develop a specialized absence intervention plan for students who are habitually truant. Absence intervention plans incorporate academic and non-academic supports to help the student and remove barriers to regular attendance. The Principal may file a complaint with the Juvenile Court.

Other intervention strategies that may be included when available are as follows:

1. Providing counseling for a habitual truant.
2. Requesting or requiring a parent having control of a habitual truant to attend parental involvement programs.
3. Requesting or requiring a parent of a habitual truant to attend truancy prevention mediation programs.

ATTENDANCE ACCOUNTING POLICY

(Missing and Absent Children):

A parent/guardian should notify the school on the day a student is absent unless previous notification has been given. If the parent does not contact the school, the principal or his/her designee is required to notify the student’s parent, guardian, or other person responsible for him/her by telephone or written notice to be mailed on the day of the student’s absence. A parent or other responsible person shall provide the school with their current home and/or work telephone numbers, as well as emergency telephone numbers. Senate Bill 321; O.R.C. 3313.2

BICYCLES

Some students living in the area ride their bicycles to school. A bicycle rack is provided at the school. After bicycles are on school property, they are to remain there for the duration of the school day. It is recommended that students lock their bicycles so that someone else will not disturb them. The school cannot be held responsible for lost or damaged bicycles since students are not required to ride them to school.

CAFETERIA LUNCH PROGRAM

1. It is the aim of the school lunch personnel to make available to every student a well-planned, well-prepared, nutritionally adequate, low-cost lunch. We believe that in so doing, we help to establish good eating habits that will carry over into the student’s adult life.
2. The school lunch program is self-supporting, aided only by its membership in the Federal and State Lunch programs. By wisely using the foods, money and information these programs provide, we ensure our students the best lunches at the least cost.
3. Students may buy a lunch ticket for the week or pay the cashier each day as they go through the cafeteria line. Students are expected to pay the loan the following day to the school. A student may owe up to two lunches and then pay the amount loaned before

any additional loans are made. In the event that a child has charged the maximum amount permitted and he/she forgets or loses his/her money, the parent will be called to bring a lunch or money to school.

4. Good conduct is expected at lunchtime. We want students to enjoy the lunch period and have an opportunity to learn to eat many kinds of foods and acquire acceptable social graces.
5. Each student must use a tray when purchasing food. He/she must keep the food and food container on his/her tray while eating, take the tray to the food disposal area when finished eating and leave no food or debris on the table or floor. No food is to be taken from the cafeteria.
6. Pre-paid tickets for lunch may be bought the first day of the week. Parents can pay online for the school lunches
7. Parents are invited to eat lunch with their son/daughter. Please notify/check-in the office prior to going to the cafeteria.
8. Lunch prices are subject to change.

EZ Pay – Parents/guardians are reminded of the EZPay system the School District has in place. This system allows payment of school lunches, class fees and pay to participate fees with a credit or debit card through a secure website. Parents are able to access the website from a link on our school website, or by visiting www.spsezpaybloomcarroll.org. The only thing you will need is a valid email address along with the student's ID number to register for this service.

CELL PHONE POLICY

Students' cell phones are to be turned off, kept out of sight, and not used during the school day. Violations of this policy will result in disciplinary action and confiscation of the cell phone. Contents of cell phones may be searched if there exists a reasonable suspicion that it may have been used in an activity prohibited by the code of conduct. Text messaging or the use of a camera phone anywhere on the B-C campus are also prohibited. This is a policy with yearlong consequences as opposed to expectations just for a semester.

Disciplinary Action to Be Taken

First Offense – A 10-minute recess detention in the office will be assigned and the cell phone returned to the student at the end day.

Second Offense – A 30-minute detention in the office will be assigned and the cell phone returned only to a parent or guardian.

Third Offense – A day of in-school suspension will be assigned, and the cell phone is returned only to a parent or guardian.

Subsequent infractions will result in an out-of-school suspension and a mandatory conference parents or guardians.

CLASSROOM TEACHER REQUESTS

Due to the large increase in the number of teacher requests the past few years, it has become increasingly difficult to satisfy all the requests. In order to keep classes balanced, and to be fair to all of our students, we must take into account many different factors, such

as class size, boy/girl ratios, ability levels, the need to separate certain students, social/emotional needs and students with special education services. Because of this, the following guidelines have been established.

Parents are asked to keep their requests to a minimum and to give careful thought before making one. When making a request, you must fill out the adopted "Classroom Assignment Request" form. The forms will be accepted only between April 1 and May 1 of each school year. Requests will be dated upon receipt and consideration will be prioritized as such. A classroom request will not guarantee placement with a certain teacher. Classroom teacher requests will account for only 30% of any classroom. Forms can be picked-up at the appropriate elementary office.

The building principal will consider the previous factors along with the classroom requests when assigning students for the coming school year. This policy does not limit the rights and responsibilities of the superintendent and principal to assign students within the district.

CLINIC REGULATIONS

Students who are ill or have been ill the night before should not be sent to school. Students should be free of fever, vomiting, or diarrhea for 24 hours without the use of medications before returning to the classroom setting, as well as, attending school events and/or functions. **The clinic is provided for students who become ill while at school and for emergency illness or accident cases. If your child is ill or injured on off-school hours, please seek medical treatment before the child returns to school. The nurses are not permitted to diagnose or recommend specific medications or treatments for your child.** If a student becomes too ill to remain in school, the parent, guardian, or alternative person will be notified. Emergency or accidental cases will be sent to the hospital designated on the **Emergency Medical Form**. If the nurse is not in attendance, students should report to the school office. Please be advised that we must have the **Emergency Medical Form** changed and returned to the school if you have a change in your address, telephone numbers or emergency contacts.

CLOSED LUNCH PROGRAM

Because of minimum time allowed for lunch in the school day, students staying in school during the lunch period are to either eat a cafeteria lunch or bring a sack lunch from home and **NOT LEAVE THE SCHOOL GROUNDS**.

CUSTODIAL PARENTS

If you are divorced or separated, the school is requesting that the legal guardian reply to the school by showing proof of custody or guardianship. This way we will only release a child from school to the people whose names appear in the document. **Any arrangement to release the child to another should be made in writing by the custodial parent to the school.**

DISCIPLINE & EXPECTATIONS

We believe each student has the right to an education free of student disruptions. In general, any action that threatens the safety of any person or disrupts the learning process is unacceptable. Teachers have the right and responsibility to enforce rules to maintain a safe and proper environment for learning. All students must be responsible for their own actions and behavior.

Copies of the student handbook and individual classroom discipline plan will be distributed to parents during the first month of school. We ask that you review these with your children so that both you and your child understand them and the subsequent consequences should the rules not be followed.

Persons employed or engaged as teachers, principals, and administrators, and non-certified school employees and school bus drivers may, within the scope of their employment, use and apply such amount of force and restraint as is reasonable and necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of the student, for the purpose of self-defense, or for the protection of persons or property.

DISCIPLINE

A. CODE OF CONDUCT

Required Behaviors

Bloom-Carroll Intermediate students will be required to

- Abide by national, state, and local laws as well as school rules
- Respect the personal rights and property of others
- Act respectfully and courteously to adults and other students
- Be prompt to school and attentive in class

In addition to disciplinary action specified in handbooks, the district Administration shall develop strategies that will prevent students from demonstrating prohibited behavior. In most cases of inappropriate student behavior, one or more of the following disciplinary procedures will be administered:

- Conference involving any combination of parents, teachers, principal, and student
- Detention
- In-School Suspension; classroom work permitted
- Out-of-School suspension; no makeup work permitted – student will receive a “zero” for that day’s work
- Other necessary and appropriate action as determined by the principal

B. DISABLED STUDENTS

Students who are identified handicapped and eligible to receive services for the handicapped are subject to out of school suspension and expulsion restrictions as specified in Federal Acts and Section 3323 of the Ohio Revised Code.

C. BUS / TRANSPORTATION

The bus driver is responsible for maintaining safe and reasonable student control. Students who violate the above regulations will be subject to initial intervention by the bus driver. For repeated misbehavior of a lesser degree, the bus driver will complete a conduct report on the student and submit it to the appropriate administrator. Riding the school bus is a (privilege) and maintaining safety is the primary goal. The student code of conduct also pertains to bus transportation. Please see section **TRANSPORTATION BUS SAFETY RULES and TRANSPORTATION REGULATIONS** in this handbook for additional student expectations.

- a. The building administrator will provide the student with written notice as to the type of disciplinary action. Parents will also be sent written notice of such action. Disciplinary action may result in, but not be exclusive to, the following: warning, assigned seat, detentions, In-School Suspension, loss of bus privileges, or suspension, or expulsion from school.
- b. Bus discipline is progressive in nature. Repeat offenders will receive more severe consequences. Third-time offenders may lose their bus privilege for a period of time. Certain offenses may result in suspension from school (due process procedures will be followed).
- c. If a pupil's presence poses a danger to persons or property, or a threat to the safe operation of the school bus, the pupil may be removed immediately from the school bus (emergency removal).
- d. School bus drivers shall report in writing to the appropriate administrator all rule violations or conduct that justifies immediate removal, suspension, or expulsion.

SPECIAL CONSIDERATIONS

Guidelines will be formulated for the use and storage of equipment and other means of assistance required by handicapped pupils. Proper steps will be taken to collect, store and use medical information relative to pupils known to have medical problems that may require driver attention.

***References: ORC 3313.66, ORC 3313.661, ORC 3319.41, AC 3302-83-08, AC 3301-83-20*

DETENTION

A staff member will assign detention to a student in grades 3-4 in ten-minute segments during the lunch/recess period. The student will serve the detention in the classroom. The staff member that assigned the detention will supervise the student. The principal will deal with severe discipline problems. After any student receives

five (5) detentions in a semester, parents will be notified; upon the sixth detention, a student will be given the following:

- a. A conference with the student, their parents/guardians, and the principal will be held to create a plan to address behavior problems.

DETENTION RULES

1. No free reading or drawing – must bring own work to complete.
2. Ask permission to sharpen pencil or to be out of seat.
3. Dispose of waste paper as you leave the detention area.
4. Students must sign in for detention.
5. Anyone late to detention will serve the remaining time and be given another detention.
6. Anyone who fails to serve a detention will be given two (2) additional detentions of equal value.
7. Students need to return the detention slip signed by a parent the following day to avoid serving a second day in the detention room.

D. EMERGENCY REMOVAL OF STUDENT

If a student's presence poses a continuing danger to persons, property, or an ongoing threat of disrupting the academic process, the superintendent, principal, assistant principal, or personnel employed to direct, supervise or coach a student activity program may remove the student from the premises.

E. IN-SCHOOL SUSPENSION

In-School Suspension(s) allows another method to be used by the principal in the discipline of students. The purpose of In-School Suspensions is to enable students to fulfill their academic requirements in the school setting but separate from their classroom. Students receive credit for work completed during an In-School Suspension. Due process procedures will be followed with students and parents. Students will be given from one to ten days In-School Suspension, depending on the severity of their offenses. An In-School Suspension may be in increments of full days or half-days.

The following guidelines will be used for students in the In-School Suspension room:

1. Students will report immediately to the room with all needed materials at the beginning of the In-School Suspension.
2. No talking between students without permission.
3. Restroom use is restricted to three brief visits daily. One will be in the morning, the second one at lunch, the third one in the afternoon, unless special conditions warrant more.
4. If applicable, students are assigned seats and will remain there for the rest of the day.
5. No early dismissal or early release is permitted.
6. Teachers will send work with the students. Students are responsible for completing assignments. If they choose not to do their work, they will receive no credit for that day.

7. No sleeping. Students will bring work materials or they will be given work to do.
8. There will be no locker, participation in specials (including assemblies, art, music, library, recess, and PE), or classroom visitation privileges. All books and materials are brought when the student reports for suspension.
9. Students are expected to keep their work areas clean; writing on any school property will extend suspension time.
10. Students will eat lunch in the In-School Suspension area. Lunch will be brought to students during the lunch period. Students will be permitted thirty minutes to eat before study and work resumes.
11. All In-School Suspension time assigned must be served before a student can return to class. Creating problems during In-School Suspension will result in further disciplinary action.
12. Students will follow these guidelines and instructions given by the supervising personnel.

F. SUSPENSION AND EXPULSION (Board Policy)

The principal may use Emergency Removal, In-School Suspension, or Suspension for serious offenses that take place at school, on school grounds, on the way to and from school, while riding the school bus, or at a school-sponsored activity. ***Emergency Removal*** is the immediate removal of a student for a period of time, not to exceed 24 hours, from participation in school or in any school-sponsored activity. ***In-School Suspension*** is the removal of a student from attendance in regular class(es) and all other school-sponsored activities, but with attendance at school required during the school day for a period of time not to exceed 10 school days. During the In-School Suspension, the student will be allowed to complete class work for credit. ***Suspension*** is the removal of a student from school for a period of one to ten days and receiving a grade of zero for all work assigned during the suspension period. The local superintendent may expel a student for violation of one or more of the items listed below.

Students are required by law to be in attendance at school, all day, or provide a legitimate excuse. Truancy or leaving school without permission will result in disciplinary action. Establishing good attendance habits serves the student lifelong in the work world. ****See School Attendance Policy****

20. Unauthorized Use of Facility/Property

School personnel prohibit students from using school facilities or property without the permission of or supervision.

21. Refusal to Accept Discipline

Discipline such as detention or Wednesday School may be used to enforce the Student Code of Conduct. Refusal to accept discipline will result in stronger disciplinary actions, including Suspension, Expulsion, or the filing of criminal charges.

22. Displays of Affection

Open display of affection during school or school-sponsored events is inappropriate and prohibited.

23. Possession of Electronic Equipment

The following electronic devices are prohibited on school grounds between 8:30 AM and 3:30 PM (Elementary).

****See ELECTRONIC EQUIPMENT (Listening and Communication Devices)****

24. Violation of Classroom Rules

Each classroom is a separate learning environment. Individual classroom rules are provided for the safe and orderly operation of that environment. Students will be advised of all classroom and individual rules. All classroom rules will be consistent with school policy.

25. Disruption of the Educational Process

Actions that interfere with the conduct of the educational process are prohibited. Such actions would include inappropriate dress, delay of assembly, field trips, bus transportation, extra-curricular activities, or prevention of instruction.

26. Refusal to do Classroom Work

Students will be prepared for class with all necessary equipment, e.g., pencil, paper, etc. Students are to follow teacher directives and complete homework and assignments with the best effort. Unacceptable classroom behavior would include sleeping in class and refusal to work on assigned work.

27. Hazing

Students are prohibited from engaging in any act of coercion or initiation that creates any risk of mental or physical harm to any person. Consent, permission, or assumption of risk by an individual subjected to hazing does not diminish this prohibition. (Bullying Policy)

28. Conviction of a Felony

29. Harassment

Bloom-Carroll Schools believe that every individual deserves to be able to attend school without fear of action that is demeaning. The harassment of students, staff, or other individuals is prohibited. Harassment may take many forms, including, but not limited to, the following:

A. Sexual Harassment

- a. **Verbal:** The making of written or oral sexual innuendoes, suggestive comments, and jokes of a sexual nature, sexual propositions, or threats to a fellow student, staff member, or other person associated with the District.
- b. **Nonverbal:** Causing the placement of sexually suggestive objects, pictures or graphic commentaries in the school environment or the making of sexually suggestive or insulting gestures, sounds, leering, whistling, and the like to a fellow student, staff member, or other person associated with the District.
- c. **Physical:** Any intimidating or disparaging actions, such as hitting, hissing, or spitting on a fellow student, staff member or other person associated with the District.

B. Gender/Ethnic/Religious/Disability Harassment

- a. **Verbal:** Written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's gender, national origin, religious beliefs, etc., toward a fellow student, staff member or other person associated with the District.
- b. Conducting a "campaign of silence" toward a fellow student, staff member, or other person associated with the District by refusing to have any form of social interaction with the person.

C. Nonverbal:

- a. Placing objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures toward a fellow student, staff member, or other person associated with the District.

D. Physical:

- a. Any intimidating or disparaging action such as hitting, hissing, or spitting on a fellow student, staff member, or other person associated with the District.

Any student who believes that he/she is the victim of any of the above actions or has observed such actions taken by another student, staff member or other person associated with the District should immediately take the following steps:

A. If the alleged harasser is a student, staff member, or other person associated with the District other than the student's principal, the affected student should, as soon as possible after the incident, contact his/her principal.

B. If the alleged harasser is the student's principal, the affected student should, as soon as possible after the incident, contact the superintendent.

The student may submit a report in writing, by telephone, or in person. The reporting student should provide the name of the person(s) whom he/she believes to be responsible for the harassment and the nature of the harassing incident(s).

The report shall be investigated in a timely and confidential manner. While a charge is under investigation, no information is to be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. No one involved will discuss the subject outside of the investigation.

Given the nature of harassing behavior, the school recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges.

Some forms of sexual harassment of a student by another student may be considered a form of child abuse, which will require that the student-abuser be reported to proper authorities.

Hazing by any school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be.

If the investigation reveals that the complaint is valid, then appropriate remedial and/or disciplinary action will be taken promptly to prevent the continuance of the harassment or its recurrence. Such discipline may include any of the following: oral warning, written warning, In-School Suspension, Out-of-School Suspension, restriction of privileges, restriction of access, or Expulsion.

Under no circumstances will the school threaten or retaliate against anyone who raises or files a harassment complaint.

CRIMINAL ACTS

Any criminal acts taken at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime) when school rules and the law are violated. Certain criminal acts may result in permanent exclusion.

DRESS CODE

It is the policy of the Bloom-Carroll Board of Education that appropriate student dress and grooming practices are as important as appropriate conduct.

"The objective of this dress code is to provide an appropriate educational environment while allowing students to dress comfortably within limits to facilitate learning. Students' attire can have a positive or negative effect on the learning process, contribute to students' success, and generate a safe and positive learning environment. We expect students to maintain the type of appearance that is not distracting to students, teachers or the educational process of the school."

Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or to others, he/she may be removed from the educational setting. **The principal reserves the right to determine the appropriate school dress.**

In order to establish and preserve an atmosphere in our schools that is conducive to learning, the Bloom-Carroll Board of Education has adopted the following dress code for its students.

1. Student Dress Code Regulations

Students are expected to meet reasonable standards in their dress and grooming. Their choice in dress and appearance should be such that it does not detract from the educational process or have a detrimental effect on the regulation and discipline of the school.

Questions regarding the permissibility of clothing or appearance should be directed to the building principal.

Student dress and grooming practices shall not:

- a. Materially disrupt the educational process, create disorder, or interfere with the discipline of the school by means of style, fit, or appearance;
- a. Be vulgar, offensive, profane, or obscene in presentation;
- b. Incite students to engage in, or otherwise promote, illegal conduct or conduct that violates the student code of conduct, including the use of substances that are prohibited to minors (this includes not wearing shirts or other clothing that promotes alcohol, tobacco, and drugs);
- c. Incite students to engage in, or otherwise promote violence or contain violent imagery;
- d. Violate the district's policy prohibiting harassment by creating intimidating, hostile or offensive educational environment, or by unreasonably interfering with another student's educational opportunities or curricular, co-curricular, or extra-curricular performance;
- e. Present a hazard to the health and safety of the student or to others in the school;
- f. G. Cause excessive wear or damage to the school property;
- g. H. Prevent the student from achieving his/her own educational objectives.

These guidelines are established to help maintain an appropriate and high standard of student dress:

- a. Shoes or sandals must be worn at all times. Athletic shoes may not contain metal cleats. Students are not permitted to wear flip-flops at school.+
- b. B. Shorts such as Bermuda shorts, walking shorts and other shorts of similar length are acceptable and appropriate. Any shorts will have an inseam of at least 4 inches. Inappropriate shorts include (but are not limited to) sweat shorts, boxer shorts, cut-offs or torn or unfinished hem shorts, or spandex lycra shorts.
- c. Any garment specifically made to be worn as an undergarment or sleepwear (pajamas or pajama bottoms) may not be showing or worn as an outer garment. Underwear shall not be visible above the waistband or below the hemline. All outerwear must cover underwear.

- d. Bare midriff (or tops that “ride up” to expose the midriff), sheer, or suggestive clothing cannot be worn.
- e. Clothing, book bags, or other personal belongings advertising or depicting drugs, alcohol, tobacco products, gang activity, sexual references, rebel flags, or other controversial symbols are not permitted.
- f. Hats, headbands, bandannas (scarves) or sunglasses cannot be worn in the building. Head apparel must be out of sight in lockers except before or after school.
- g. Sleeveless shirts are permitted if they fit snugly all around the arm and must have a minimum of 2-inch width across each shoulder. Shirts shall not expose undergarments, cleavage or be too snug. Tube tops and strapless tops and dresses are not permitted.
- h. Unnaturally colored hair that is distracting to the education process is not permitted. Examples of unnatural hair colors/streaks could include, but are not limited to, blue, green, red, purple, orange, etc.
- i. Loose clothing and jewelry are not allowed in areas of instruction where protective measures are required for student safety. Wallet chains and heavy or oversized jewelry worn around the neck, wrist, or waist are not permitted.
- j. Clothing should be neat and clean. Clothing that is ripped, cut, patched or altered to achieve an unusual effect shall not be worn. No oversize clothing, saggy or baggy pants, low necklines, or midriff shirts shall be worn. Exercise wear, such as spandex, is not appropriate.
- k. Wearing short “mini-skirts” is prohibited.
- l. T-shirts, sweatshirts, or any clothing items may not contain language, pictures, drawings or advertisements that insinuate innuendo of any sexual, anatomical, violent, illegal, or immoral nature.
- m. Visible body piercing other than ears is not to be worn at school or school activities.

2. Violations of the Student Dress Code

Students are subject to dress code violations that occur on school grounds, as well as at school activities and events off school grounds. A student found to be in violation of the dress code will be expected to make appropriate and immediate corrections. Failure to abide by this dress code will result in disciplinary action in accordance with the Bloom-Carroll Student Code of Conduct.

Attempts to secure appropriate clothing from home or borrow from the office will be made. According to the discretion of the administrator in charge, students dressed inappropriately may be removed from the school setting if appropriate attire cannot be arranged. Violators of the appearance dress code may be assigned detentions, and repeat offenders may face more serious consequences. Class work missed because of inappropriate dress will receive a failing grade.

3. Appeal of the Student Dress Code

Students may file a written appeal regarding dress code procedures and discipline actions through the principal’s office. The administrative offices will give serious consideration to those appeals.

The Administration reserves the right to deem any attire inappropriate as they interpret the Student Dress Code Policy.

DRUGS

The Bloom-Carroll Schools does not permit the use of drugs and/or narcotics in any form, except under direct supervision of a doctor.

Therefore, students found to be in possession, involved in the distribution, or being under the influence of narcotics, hallucinogens, amphetamines, barbiturates, marijuana, alcohol, drug paraphernalia, or any intoxicant on school grounds, during school activities, or while being transported on school-owned vehicles, are subject to disciplinary action that will include Suspension and/or Expulsion.

In addition, students who make, sell, offer to sell, or deliver any substance that they know is a counterfeit controlled substance on school grounds, during school activities, and/or while being transported on school-owned vehicles, and are subject to disciplinary action that could include Suspension and/or Expulsion.

Students are also informed that section 3925.37 of the Ohio Revised Code lists specific penalties for the possession of counterfeit controlled substances.

EARLY DISMISSAL

Students and parents are encouraged to schedule all routine doctor/dental appointments outside of the school day. If a student needs to leave when school is in session, the principal may grant permission after talking directly with the parent or reviewing a note sent in advance and signed by the parent.

Before departure from school, and/or when the student returns to school, the parent is required to sign a log located in the office.

The principal reserves the right to waive these requirements in unusual circumstances.

ELECTRONIC EQUIPMENT (Listening and Communication Devices)

Students will not use or display personal two-way communication devices, paging devices or personal listening devices on school property from 8:30 AM to 3:15 PM.

Two-way communication equipment may include, but is not limited to, any two-way communication device such as a cell phone, portable radio (walkie-talkie), portable phone, or two-way pager. A "paging device" is a telecommunications device that emits an audible signal, vibrates, displays message, or otherwise summons or delivers a communication to the processor. Listening devices may include, but are not limited to, any type of radio receiver, tape player, disk player, headphones, or earphones.

A staff member discovering a student in violation of this policy will immediately confiscate the device and give it to the principal. The cell phone will be given back to the student at the end of the day. If there is a second offense, the cell phone is confiscated, and the parent or guardian will be notified of the violation and informed that he or she must personally reclaim the device. Reprinted in part from policy JFCK adopted on July 8, 2002, by the Bloom-Carroll Local School District.

EMERGENCY EARLY DISMISSAL FORM/Emergency MGMT. Plans Parental Notification

Each student will need to return an early dismissal form. In case there is an early dismissal such as for severe weather conditions, the office will know what arrangements you have planned for your child's after-school destination and means of transportation such as bus or pick up.

In the event of a school emergency, parental notifications and information will occur through the district's automated call system.

FEES

There is a financial need for grade-level fees regarding workbooks, other instructional materials, and classroom supplies. A grade-level fee will be provided to you with additional information. In addition, there may be a special classroom/grade-level project fee or an entrance fee for a field trip.

FIELD TRIPS

An educational field trip may be planned for students sometime during the school year. The trip is planned by the teacher but must be approved by the principal. The field trips must have a direct purpose in conjunction with a curriculum area being studied by the students. Students must return a permission slip that is signed by the parent or guardian before he/she will be permitted to go on a field trip. All students are supervised by adults when attending a field trip.

Field trips and assemblies are a privilege. If a student has had behavior problems, the school reserves the right to keep that student from attending field trips or assemblies. Work will be provided for the student to do, in a supervised environment, during the time of the field trip or assembly.

FINAL FORMS

Parents of students who are returning to Bloom-Carroll are required to annually sign the following forms in Final Forms: **Contact Information, Emergency Medical, and associated Medical Forms.** Any time a parent changes information in Final Forms, they are required to re-sign the form in which the changes were made. For example, if a parent changes their address in Final Forms, they must sign the contact information form acknowledging those changes. Any address or phone number changes must also be reported to Michelle Scott, District Registrar.

All new students are required to have Final Forms completed prior to registering. The link to Final Forms can be found at <http://bloomcarroll-oh.finalforms.com>. Parents will need to have a valid email address and an account in Final Forms in order to complete this electronic process.

FINES

When school property, equipment or supplies are damaged, lost, or taken by individuals, a fine is assessed. The fine is reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries is subject to appropriate fines. All fines collected are sent to the treasurer for deposit in the general fund of the Board.

FIRE DRILLS

Fire drills at regular intervals are required by the law and are an important safety precaution. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building by the prescribed route as quickly as possible. The teacher in each classroom will give the students instructions. Running and yelling will not be tolerated.

GRADE SCALE/HONOR ROLL

A = 90-100

B = 80 - 89

C = 70 - 79

D = 60 - 69

F = 0 - 59

PRINCIPAL'S HONOR ROLL

Any student receiving a 90% or higher in every subject for which a percentage grade is given during the nine-weeks period shall be placed on the Principal's Honor Roll for that nine-weeks period.

DISTINGUISHED HONOR ROLL

Any student whose average percentage grade is 90% or higher, during a nine-weeks period, for which a percentage grade is given during the nine-weeks period shall be placed on the Distinguished Honor Roll for that nine-weeks period.

- All subjects in which a percentage grade is given shall be included in the average.
- No percentage grade in any given subject can be less than 70% (C equivalent).

- All subjects in which a percentage grade is given shall be included in the average.
- No percentage grade in any given subject can be less than 70% (C equivalent).

Students being named to any of the above Honor Rolls for all four nine-weeks grading periods will receive a certificate or special surprise to recognize their outstanding scholastic achievement.

Any student determined guilty of cheating by a teacher or principal shall be removed from the Honor Roll for that nine-week period. This policy governs the elementary, middle, and high schools.

GUM CHEWING

Careless disposal of gum in drinking fountains, and on furniture and floors presents sanitation and cleaning problems and costly repairs. Therefore, we do **NOT** permit gum chewing. Gum should **NOT** be sent to school to be passed out as a treat on party days or for a student's birthday.

HARASSMENT POLICY

Students who engage in sexual harassment on school premises or off school premises at a school-sponsored activity will be subject to appropriate discipline, including Suspension or Expulsion. Sexual harassment is any activity of a sexual nature that is unwanted or unwelcome, including, but not limited to, unwanted touching, patting, verbal comments of a sexual nature, sexual name-calling, and pressure to engage in sexual activity, repeated propositions, and unwanted body contact. The school's normal disciplinary procedures will be followed in determining the appropriate consequences for the sexual harassment. In the event the administration recommends Suspension or Expulsion as a result of the conduct, due process will be afforded to the student in accordance with the district's Suspension/Expulsion procedures.

HOMEWORK

In our primary classes, homework is kept at a minimum. However, parents can be of great assistance by helping children with basic skills. To strengthen and reinforce reading skills, we suggest that parents set aside a quiet reading period each evening. Homework may require a more extensive use of after-school time in the intermediate grades, especially if school time is not being used wisely. Homework policies are established for each grade level.

Homework is a necessary part of the school curriculum to give students an opportunity to master adequately the basic skills in all subject areas. Homework is necessary to reinforce skills, to develop responsibility, to allow time for independent projects to develop students' creativity, to help the parent be aware of the student's progress, and to develop sequential study skills essential for success in the middle and senior high school.

It is important that the work completed at home be the exclusive property of the student. Parents are encouraged to provide assistance in the form of help, but the work itself must be of the student's own creation. When using reference materials, including those found on web sites, students must not copy this work submitting it as their own. Instead, information contained within these documents must be put into the student's own words. Copying important facts, dates, or isolated key words is acceptable, but the sentence structure itself must be of the student's own creation. Any infringement of this procedure will be

considered plagiarism and dealt with in a severe manner. The student will not receive credit for any plagiarized document and, at the teacher's discretion, may either receive a zero for the project, or at the very least, be required to complete the project again, possibly for a reduced grade.

HOMEWORK – PARENT RESPONSIBILITY

1. Recognize that homework is a part of the regular school curriculum.
2. Help your child develop a method for doing his/her assignments by scheduling a regular time.
3. Provide favorable conditions for doing homework, such as a table with good lighting away from distractions.
4. Check with your child to see that he/she is doing his/her assignments without undue difficulty.
5. Encourage habits of obedience and respect for authority and property.
6. Support us in our efforts to provide the best possible education-both socially and intellectually-for your child.

HOMEWORK ASSIGNMENTS NOT COMPLETED

Students not completing homework assignments will complete their homework with their teacher during the first ten minutes of recess. After 5 times of not completing homework, a conference will be held between the teacher and the student's family.

HOMEWORK – MAKE-UP WORK

Students with legitimate, excusable absences are entitled to the help and assistance of their teachers in making up missed work unless the absence was truancy or Suspension. Time limits for make-up work should be consistent with the time missed. Generally, the sooner such "make ups" are completed, the better for all concerned. A general definition is a period equal to the time missed. For extended absences, the principal will work out a tenable plan with the student and the teacher. Make-up work will not be permitted for truancy or Suspension and the student shall receive an "O" for each day absent for either of these reasons.

Beginning on the second day of absence, homework will be given out upon request from a parent. All assignments will be available for the parents or designated person to pick up at 3:20 PM in the office. The student has as many days as absent to make up the work and then turn it into the teachers. **Homework will not be given out when only one day of absence occurs.** This type of homework can be picked up by the student upon returning to school with one day permitted for the work to be completed.

INOCULATIONS OF STUDENTS

Students attending school are required to have proof of immunizations against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, hepatitis, and chicken pox. Parent may sign an exemption against these immunizations. Those students who do not have written proof of immunizations or exemption within 14 days of the first day of

attendance can be subject to exclusion from school. This district follows the guidelines and recommendations set forth by the Ohio Department of Health. If you have any questions, please contact your healthcare provider.

Students eligible for kindergarten and students new to the District must present written evidence of similar immunizations, or written evidence to indicate that they are in the process of receiving such immunizations. Students entering the seventh grade must present evidence of an MMR booster. Students failing to complete such immunizations within 14 days after notification are not permitted to return to school.

INTERDISTRICT/INTRADISTRICT ENROLLMENT POLICY

For students involved in the Interdistrict process (that involves students from adjacent school districts), the application must be filled out and returned to the principal's office by the predetermined date for that particular school year. The school will notify parents by July 15th if the student has been accepted. By August 1st, parents must notify the school if the student still plans on attending in the District for the upcoming school year.

INTERVENTION ASSISTANCE TEAM

In the event that your student exhibits academic or behavioral difficulties despite efforts made by the classroom teacher in cooperation with you, a process has been established to assist your son/daughter in becoming more successful. The Intervention Assistance Team composed of our special education teacher, our regular education tutor, classroom teacher(s), and the principal, will meet to discuss avenues of assistance to make your child more successful. The goal of the initial meeting is to develop strategies to work both at home and at school. The classroom teacher makes a referral for the Intervention Assistance Team by the first of every month. Should you have any questions regarding this, please discuss them with your classroom teacher or with the building principal.

INVITATIONS

Distribution of invitations to non-school related parties or religious functions are not permitted unless all students in the class are invited and a student passes out the invitations.

LIBRARY CHECKOUT POLICY

Students may check out books, records, and magazines for a one week period. If needed, materials may be renewed twice, if no one else has requested the materials. Students in grade three may check out up to two items per week. Students in grade four may check out three items per week.

All students in grade three and four will have open library. Once a week, students may return and check out another book. This is in addition to their weekly library visit.

Anyone having overdue materials must return them before checking out more. If materials are lost or damaged, the student who checked them out will be responsible for paying for replacement or repairs. Once paid, this money is non-refundable.

LOST AND FOUND

Many items, including articles of clothing, are lost and found during the school year. A lost-and-found center is located in the hall across from the office. Students are encouraged to check this box for articles that have been lost. Articles that are found should be brought to the office.

MEDICATION

Before any school personnel can administer medication to a student, the parent(s) or legal guardian(s) of the student **MUST** sign a medication request form found in the back of this booklet. In addition, if the medication requires a prescription a doctor's signature is required. Additional forms are available in the school office upon your request. Under no circumstances will the school administer any medication without the parent's signature. The school does not stock or distribute over the counter medications. Any medications, including Tylenol, ibuprofen, antacids, etc., must be sent to school by the parent in the original container, labeled with the students name, and must be accompanied by the medication request form. Also, if medication requires a prescription, the physician must complete the physician portion of the medication request form. All medications must be brought in the original prescription container and no more than one week of medication is to be sent at any given time. Please refer to the complete medication policy at the back of this book for further details. Students are not permitted to carry medications on their person at any time. All medication is to be left with the nurse in the nursing office. A student needing to carry an asthma inhaler with them may be permitted to do so provided that both the physician and parent complete the **"Request that Student Carry and Administer Own Medication To Be Delivered By Inhaler"** form, found in the back of this book, and that the form is on file with the nurse prior to the student carrying the inhaler.

NOTICE TO PARENTS

Once a month the school will send out a newsletter outlining the month's coming events.

PERSONAL PROPERTY

Radios, tape recorders, (Game Boys, Nintendo, compact disc players, headphones, cameras, expensive items, and large sums of money should not be brought to school. Other items, which are deemed interfering with and/or distracting to the educational setting, will be banned from use on the bus or in the school building/grounds. This includes items such as trading cards. We cannot assume responsibility for such items.

PLAYGROUND RULES

Students are expected to play in a safe manner while on the playground. Students may leave the playground, only with a teacher's permission. Any injury to a student on the playground must be reported to a teacher on the playground.

2. Students must have permission to leave the playground and enter the building.
3. All playground problems or injuries must be reported to the duty teacher.

POSSESSION OF DANGEROUS WEAPONS

(Board Policy) **See Prohibited Behaviors under Discipline**

This is a policy in response to the need in clarifying a problem facing schools today. The policy concerns the possession or use of weapons or dangerous instruments. It states: a student shall not possess, transmit, or conceal a dangerous weapon, dangerous instrument, ammunition, or look-alike counterfeit weapon or instrument. Such items include, but are not limited to, explosives, fireworks, mace, firearms, knives, shotgun shells, ammunition, or any object that can reasonably be considered a dangerous instrument. Look-alike weapons could include, but are not limited to, starter pistols, stun guns or any object a reasonable person might consider, under the circumstances, a weapon or dangerous instrument. Any student that violates the policy could face Suspension or Expulsion.

P.T.O. (PARENT TEACHER ORGANIZATION)

Bloom-Carroll Intermediate School has an excellent, active P.T.O. Each year, the offices of (president, vice-president, secretary, and treasurer) are elected to guide the Parent-Teacher Organization. All parents are encouraged to be active members of this organization. The P.T.O. will meet once a month at a time to be arranged at the beginning of the school year.

RECESS – INSIDE AND OUTSIDE

Every day shall be considered an **OUT** day for the recess purpose unless it is raining, snowing, or the temperature is very extreme (wind chill is below 25 degrees). On these bad weather days, students shall remain inside and participate in games that are provided. There will be a teacher on duty to supervise the students. On questionable days, the principal will make the final decision as to whether the recess period will be **IN** or **OUT**. Students are requested to wear jackets when the temperature is approximately 60 degrees or at the discretion of the duty teacher due to various weather conditions.

All students are required to be outside on an OUT day unless the parent or guardian sends a written request to the teacher. The written request will be honored only if the reason is for illness or other medical conditions.

REPORTING STUDENT PROGRESS

In an attempt to keep parents informed of how their children are progressing in school, three basic means are used. These are parent-teacher conferences, student progress report cards, and interim reports.

The parent-teacher conferences will be held throughout the school year. Please see the attached school calendar for specific dates. Information regarding schedules for conferences will be sent home approximately three (3) weeks before conference day. All parents are strongly urged to attend these conferences.

In addition to the conferences, report cards are sent home. These cards state the teacher's best estimate of how each student is achieving compared with our expectations for that child.

Interim reports shall be issued at the mid-point of each grading period. Interim reports are encouraged to provide positive comments as well as concerns in academic and/or behavioral areas. Parents have the right to request interim progress reports at a time other than the mid-point of each grading period, and this request will go through the principal's office. The teacher will provide this information in a timely manner.

If you have any questions concerning your child's progress at any time, feel free to contact your child's teacher for additional information.

SAFETY DRILL

Safety drills will be conducted at regular intervals throughout the school year. These drills may incorporate lock downs, the redistribution of students in the building, and/or other features deemed appropriate if there was an emergency. It is essential that when the first signal is given or other vital information is provided through the public address system that everyone obey the instructions promptly. Students need to be quiet and remain so during the drill.

SCHOOL CLOSING OR DELAYED OPENING

STUDENT NETWORK ACCEPTABLE USE POLICY

STUDENT ACCESS TO NETWORKED INFORMATION RESOURCES (THE INTERNET) - SEE ATTACHED BOARD POLICY AND PERMISSION FORM COMPUTER/ON-LINE SERVICES FILE: EDE-R

All District Board policies referred to are available in each school's administrative office. The District is pleased to offer our students access to the District computer network for electronic mail and the Internet. To gain access to email and the Internet, the students under the age of 18 must obtain permission from a parent or legal guardian, who must sign and return this form to the respective school office. Students 18 and over may sign their own forms.

Access to email and the Internet will enable students to explore thousands of libraries, databases and bulletin boards while exchanging messages with Internet users throughout the world. Families should be warned that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other material as well. We believe the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. Parents and guardians of minors are ultimately responsible for setting and conveying the standards that their children should follow when using media and information sources. The District supports and respects each family's right to decide whether or not to apply for access.

District Internet and Email Rules

Students are responsible for good behavior on school computers and networks just as they are in a classroom or a school hallway. Communications on a network are often public in nature. General school rules for behavior (as presented in the student handbook/ apply. The network is provided for students to conduct research and communicate with others. Independent access to network services is provided to students who agree to act in a considerate and responsible manner. Parent/ guardian permission is required for minors. Network access is a privilege and not a right. Access requires responsible and lawful use. Individual users of the District computer networks are responsible for their behavior and communications over those networks. It is presented that users will comply with District standards and will honor the agreements they have signed. Beyond the clarification of such standards, the District is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network.

Teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for guidance, as they must also exercise with information sources such as television, telephones, movies, radios and other sources of potentially offensive material.

The Board must approve any links to other websites prior to being posted on the website.

Privacy

Network and Internet access is provided as a tool for your education. The school District reserves the right to monitor, inspect, copy, review, and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school District and no user shall have any expectation of privacy regarding such materials.

Sanctions/Failure to Follow Policy and Breach of Agreement

The user's use of the computer network and Internet is a privilege, not a right. A user who violates this policy and breaches his/her agreement shall, at a minimum, have his/her access to the computer network and Internet terminated, which the school District may refuse to reinstate for the remainder of the student's tenure in the school District. A user breaches his/her agreement not only by affirmatively violating the above policy, but also by failing to report any violations by other users that come to the attention of the user. Further, a user violates this policy and agreement if he/she permits another to use his/her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The school District may take other disciplinary action. As outlined in Board policy and procedures on student rights and responsibilities, copies of which are available in school offices, the following are not permitted:

1. Use of obscene language and gestures. Students shall not use obscene or vulgar language, images, gesture, or signs.

10. Intentionally wasting limited resources, such as network time and/or consumables.
11. Employing the network for commercial purposes, such as running a business or buying and selling products.

Warranties/Indemnification

The school District makes no warranties of any kind, either expressed, or implied, in connection with its provision of access to and use of its computer networks and Internet provided under this policy and agreement. It shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user or his/her parent(s) or guardian(s) arising out of the user's use of its computer networks or the Internet under this policy and agreement. By signing this policy and agreement, users are taking full responsibility for his/her use, and the user who is 18 or older, or in the case of a user under 18, the parent(s) or guardian(s) is agreeing to indemnify and hold the school, the school District, the data acquisition site that provides the computer and Internet access opportunity to the school district and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from the user's access to its computer network and the Internet, including, but not limited to, any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent(s)/guardian(s) agree to cooperate with the school in the event of the school's initiating an investigation of a user's use of his/her access to its computer network and the Internet, whether that use is on a school computer or on another outside the school District's network.

Updates

Users and, if appropriate, the user's parents/guardians may be asked from time to time to provide new or additional registration and account information or to sign a new policy and agreement, for example, to reflect developments in the law or technology. The user (or his/her parent/guardian) must provide such information or such new policy and agreement must be signed if the user wishes to continue to receive service. If after you have provided your account information, some or all of the information changes, you must notify the person designated by the school to receive such information.

STUDENT INSURANCE

School insurance may be purchased at the beginning of the school year. Pamphlets are available at the school.

STUDENT TRANSFERS

When students transfer from Bloom Carroll Intermediate School, it is best if the office is informed in advance. Students are expected to return all textbooks and library books and to pay for all lunch loans and workbook fees before leaving the school.

TEXTBOOKS

The statutes of the State of Ohio require that the Board of Education provide textbooks for students. At the beginning of the school year, teachers will issue textbooks to students. Reasonable wear on textbooks will not be charged to students. However, taxpayers have every reason to expect students to take good care of the books. Students are held responsible for the condition of all textbooks checked out to them. In case of damages, the assessment is as follows:

- Loss of book or damage of a new book beyond repair – full price of book.
- The charge for replacing lost textbooks is full purchase price when the book was issued in NEW or GOOD condition. If the book was in FAIR condition, the charge is 60% of a new book. If the book was in POOR condition, the charge is 40% of a new book.
- If the book requires new binding, the charge is the current cost.
- Abuse beyond normal wear [drop of more than one rating (N-G-F-P)] a charge of 20% of the cost of the book is made.

TORNADO PROCEDURE

Tornado Watch:

In a tornado watch, atmospheric conditions indicate that a tornado is possibly in your area. The principal is alerted by radio or law enforcement agency of the possibility of a severe storm or tornado watch. The principal will then alert the teachers quietly that there is a watch in effect. The principal will then prepare for the next step if needed, which is a tornado warning.

Tornado Warning:

A tornado warning means that a tornado has been sighted in your area.

Students and teachers are alerted via the public address system.

Tornado drills are required to be held once a month beginning in March during the tornado season by the Ohio Revised Code. The procedure and locations assigned to students have been established and approved by Fairfield County Civil Defense representatives.
