### Parent Teacher Conference

Conferences will be scheduled online through the program My Conference Time. This is a web-based scheduler that will enable parents/guardians to seamlessly schedule parent-teacher conferences with your child's teacher. You will be able to quickly see time slots that are available for conferences without the need to send paper forms back and forth. Any parent/guardian who is uncomfortable scheduling conferences online may contact their child's teacher and receive a paper request. A parent guide will be posted on our website under Documents and Forms, the conference scheduling link can be found under the Bulldog Portal, then Parent Resources. The window will open two weeks prior to the first conference. The window will open to schedule on Thursday, October 24th at 1:00 a.m.. Parent Teacher Conferences will be held on Thursday, November 7th and Thursday, November 14th.

**Handwashing** helps prevent the spread of germs. According to the Centers for Disease Control and Prevention (2021), “Washing hands can keep you healthy and prevent the spread of respiratory and diarrheal infections from one person to the next.” Washing hands with soap and water for at least 20 seconds or use hand sanitizer if soap/water not readily available.

## **Hydration**

No matter the season, hydration plays an important role in our health. According to the CDC (2021), “1 in 5 children and adolescents do not drink any plain water during the day, and about half of school-aged children are under hydrated.” Consuming water helps prevent dehydration and constipation.
